—It is said that James G. Blaine, Jr., recently applied for a position on the New York Mail and Express, giving an account of his experience and qualifications, but not mentioning his name. His services were declined, but after he had gone and the editor found out who he was, an expedition was hastily dispatched to bring him back.

THE PIONEER BANQUET.

A Regular Old Fashioned Blow Out Last Night.

THE OLD TIMERS RENEW THE DAYS OF LONG AGO.

Champagne, Beans, Speeches, Toasts and Music ad. lib.

The banquet given last evening to the Pioneers by the members of the Legislature at the Opera House was by all odds the biggest affair of the kind ever given in the State. In the neighborhood of 300 guests were present and such a scene of jollity and good feeling has seldom been witnessed in Nevada. The members who had fought each other like bull dogs through the session drowned their differences in wine and song and made merry over the lavish array of refreshments which loaded the tables. There was music, and speeches, more speeches and more music, songs and more speeches and by midnight when the fun was fast and furious the scene was one never to be forgotten.

The old boys came in from every part of the State and in spite of their advancing years for the time being rejuvenated themselves and were boys among the boys again and as young as anybody.

The length of the speeches and the hour of the breaking up precludes any more extended account. We understand that the whole affair is to be published in pamphlet form. The following programme was carried out, Senator Briggs presiding over the banquet:

Address of Welcome, Hon. J. F. Alexander; "Early Pioneers and Prospectors," Hon. O. R. Leonard; "Early Bar of the Pacific Coast," Hon. T. H. Wells; "Early Gospel of the Pacific Coast," Rev. J. L. Woods; reading of "My New Year's Guests (by Hon. R. M. Daggett)," Hon. Geo. A. Tyrrell; "Early Mothers of the Pacific Coast," H. J. Mohan; "The Girl I Left Behind Me," Hon. J. R. Williamsen; "The Press," S. P. Davis; "Native Sons of the Golden West," Hon. J. Poujade; reading of poem, "Beans," Hon. Wells Drury; "Slap Jacks," W. H. A. Pike; "The Tenderfoot," Hon. D. E. Bailey; "The Days of '49," Hon. C. E. Laughton; reading of poem, "The Pacific Coast Pioneers (by C. C. G.)," Hon. C. E. Laughton. After the Address of Welcome the supper will be served.

Pure Mountain Water.

Articles of incorporation of the Reno and Hunter Creek Water Company were filed in the Secretary of State's office on the 9th of February. The capital stock is \$200,000, divided into 100,000 shares of the par value of \$2 each. Term of existence, fifty years. The Trustees for the first six months are J. C. Hampton, J. B. Overton, D. A. Bender, Jas. Mayberry and Wm. Thompson. Principal place of business, Reno. The objects are stated to be for the purchasing and holding and controlling water, water rights and privileges, from natural or artificial sources of supply, for purchasing and holding lands for sites of works and reservoirs, for retaining and holding supplies of water, and rights of way for water conduits, flumes and ditches and for building and maintaining such works, reservoirs, conduits, flumes, ditches and pipes as may be necessary for the purpose of supplying mills, machinery, water power and irrigation in the county of Washoe, in the State of Nevada, and for furnishing and selling to the inhabitants thereof water for all domestic and other uses.

The Collector Coming.

Today the collector of the APPEAL will call on all the members of the Senate and House, and collect two dollars from each man who is so disposed. An APPEAL has been left at each member's desk, but he is under no obligations to pay for it. Any person who, for any reason whatever, does not desire to pay can simply inform the collector, and that will be the end of it.

—The undersigned begs to notify the public that he is prepared to execute portraits of all sizes, in oil, crayon, etc., in the most artistic manner, and at prices to suit the times. Everybody is invited to call and examine samples of his work at his studio in Marston's Photograph Gallery.

J. E. MONACA.

ALL SORTS.

—Wizard Oil at Geo. Thaxter's.

—Ayer's Sarsaparilla is the best medicine for every one in the Spring. Emigrants and travelers will find in it an effectual cure for the eruptions, boils, pimples, eczema, etc., that break out on the skin—the effect of disorder in the blood, caused by sea-diet and life on board ship.

—It is a good rule to accept only such medicines as have, after long years of trial, proved worthy of confidence. This is a case where other people's experience may be of great service, and it has been the experience of thousands that Ayer's Cherry Pectoral is the best cough medicine ever used.

—Attorney General Garland recently gave it as his opinion that the Restriction Act does not apply to Chinese women who come to this country as servants and nurses. When spoken to the other day of the matter, Collector Hagar, at San Francisco, said: "It really makes no difference what Mr. Garland or any one else has to say about who can and who cannot be admitted under the Restriction Act. The Act is long since a dead letter, and as far as I am able to discern, the only effect will be a perceptible decrease in the receipts of Judge Hoffman's Court. All the women they want get in now on the plea that they were born here, and so long as that habeas corpus mill grinds regularly, nothing can prevent it." Surveyor Tinnin echoes these sentiments, and adds that in a short time he expects to see every coolie who never had as much as ten dollars in his life, come in with a female servant.

—The old story of the Georgia jury which convicted a murderer of horsestealing because they thought he deserved to be hanged, and horsestealing was the highest crime known to the Courts of Georgia, is almost paralleled in this State. Senator Bowers, in the debate over Boggs' ticket-of-leave bill, said that the average term of imprisonment for murder in this State is five years, while horse thieves average ten years or more. This information is nothing new, but it is well to keep it before the public. The disparity of sentences imposed, and the unjust use of the pardoning power constitute serious abuses in our penal system. A short time ago Judge Murphy sentenced a young man for purse-snatching, to fifty years' imprisonment, and the Supreme Court has just confirmed the sentence. To the other San Quentin convicts this will convey the evil lesson that it is ten times as great an offense to snatch a purse as it would be to kill the owner of it.

Bamboo Fences.

A Fresno man has made a discovery which will prove important. He has found that bamboos can be profitably grown for fence building. Bamboo canes grow twenty or thirty feet in a season, and when cut into lengths they are better than laths or pickets in making woven wire fences. On a small plot of moist ground a farmer can grow enough bamboo to fence his farm, and thus largely reduce his lumber bill. As every one knows who has handled bamboo, it is more durable than ordinary wood.—Oakland Enquirer.

It All Depends on Bismarck.

LONDON, March 1.—General Wolseley, in an interview yesterday, said he felt sure that a vast and appalling war is certain in the near future. The rapidly increasing armaments and huge burdens which the several powers are laying upon themselves, and the direction in which these armaments are being developed, must make war inevitable. Whether it will come this Summer or not there is only one man in Europe who knows, that is Bismarck.

Important If True.

LONDON, March 1.—A dispatch from Paris this afternoon to the Exchange Telegraph Company says it is stated there that Prince Bismarck intends to request President Grevy to dismiss General Boulanger from the Ministry.

A Boom in Winnemucca.

The anticipated annexation of a portion of Idaho to Nevada, and the projected new railroads in Humboldt county, has resulted in an advance in the price of town lots at Winnemucca, 60 having changed hands recently.
